# EPIQ Elite and Affiniti portfolio

Our latest, most innovative and seamless ultrasound portfolio designed to meet the changing needs of health care

**Affiniti 30**

**Affiniti 50**

**Affiniti 70**

**EPIQ Elite**

Increasing capability

## Affiniti

It understands your everyday

Engineered for efficiency and reliability, Affiniti brings you outstanding image quality, advanced features and walk-up usability.

## EPIQ Elite

The evolution of premium ultrasound

The Philips EPIQ Elite ultrasound system delivers images for a new level of diagnostic confidence with the most powerful architecture ever created for ultrasound.

# Top four advantages

## of the EPIQ Elite and Affiniti portfolio

### 1 EPIQ Elite and Affiniti share a common DNA with similar architectural platforms

Simplicity of service on a common platform allows biomedical efficiency and cost control. Many features developed for EPIQ Elite and Affiniti will be shared:

- New technologies
- New transducers
- Connectivity
- Reporting
- Workflow improvements
- Security

### 2 EPIQ Elite and Affiniti share a similar user interface

Helps reduce training for staff and productivity loss as sonographers move from system to system. Perfect for clinicians and sonographers moving within an IDN, large and small healthcare network with satellite facilities.

### 3 EPIQ Elite and Affiniti share transducers

Reduce the investment in your EPIQ Elite and Affiniti ultrasound fleet by sharing specialty ultrasound transducers.
